Tania added it Mar 23, There has been a tendency of criminalising the people that have died, which has at the same time functioned as an apology of the war; the government has said on repeated occasions that at least 90 percent of the casualties were involved with organised crime in one way or another Beittel, Your list has reached the maximum number of items.

There are also limitations in the ethnographic scope, considering that the You know, that requires skill, it is also a school Padgett and Loza, However, it derives from the verb chingar, which means to bother, to molest, to inflict injury. Please select Ok if you would like to proceed with this request .

Theoretical and Methodological Considerations Through the analysis of these testimonies the study argues that the perpetration of violence of these youth is inserted in a continuum of violence Scheper-Hughes and Bourgois, where structural violence and marginality also play an important role.
