Review For every Londoner, the disastrous condition of London's underground system is a daily reminder of the political and managerial failures that have brought a public service to near collapse.

Chris Ducker, a British serial entrepreneur, speaks from experience on how that the Labour government has Strikes and the threat of strikes, breakdowns, signal failures, crumbling infrastructure and rising crime - for every Londoner, and many commuters, too, the disastrous condition of London's underground system is a daily reminder of the political and managerial failures that have brought a critical public service to the verge of collapse.
