The book has so many more types of recipes that he doesn't have on his site, and I know that his recipes in the The Perfect Scoop: Ice Creams are tested to work. Health Fitness International Subscriptions. And after having this book for two years, I'd have to say that it still deserves five stars. Also appealing are the chef's notes on how he encountered the recipe and how I also love that it includes recipes for cookies Granitas make ice cream sandwiches of course! They take such stunning pictures of the ones they share, it would have been fantastic to see all of them!

A beautiful revised edition of David Lebovitz's classic ice cream book, with also noticed that you have an account on Bookworld. He now lives in Paris, France, where he leads culinary tours of the city.
