Home About Help Search. Feb 11, Erik rated it really liked it Shelves: Thanks for telling us about the problem. Jun27,JoeOttorateditlikedit. Sep 25, K. If you want a glimpse of how not only Big Brother but all the corporations in search of gathering more and more data on you via the use of RFID chips, this book will scare the heck outta you! Sychips "makes a very persuasive case that some of America's biggest companies want to embed tracking technology into virtually everything we own, and then study our usage patterns 24 hours a day. Pleaseenterthemessage.RFID, which stands for Radio Frequency IDentification, is a technology that uses computer chips smaller than a grain of sand to track items from a distance. She regularly speaks on the consumer privacy and civil liberties imp Dr.
